Government of Paper Matthew S. Hull 2012-06-05 "Drawing inspiration from actor-

network theory, science studies, and semiotics, this brilliant book makes us completely rethink the workings of bureaucracy as analyzed by Max Weber and James Scott. Matthew Hull demonstrates convincingly how the materiality of signs truly matters for understanding the projects of 'the state.'" - Katherine Verdery, author of *What was Socialism, and What Comes Next?* "We are used to studies of roads and rails as central material infrastructure for the making of modern states. But what of records, the reams and reams of paper that inscribe the state-in-making? This brilliant book inquires into the materiality of information in colonial and postcolonial Pakistan. This is a work of signal importance for our understanding of the everyday graphic artifacts of authority." - Bill Maurer, author of *Mutual Life, Limited: Islamic Banking, Alternative Currencies, Lateral Reason* "This is an excellent and truly exceptional ethnography. Hull presents a theoretically sophisticated and empirically rich reading that will be an invaluable resource to scholars in the field of Anthropology and South Asian studies. The author's focus on bureaucracy, "corruption," writing systems and urban studies (Islamabad) in a post-colonial context makes for a unique ethnographic engagement with contemporary Pakistan. In addition, Hull's study is a refreshing voice that breaks the mold of current representation of Pakistan through the security studies paradigm." - Kamran Asdar Ali, Director, South Asia Institute,

Paper Cut Randy L. Railey A construction worker is helping tear down a dilapidated old house. He finds a box of old World War II documents inside the box. The discovery of those documents results in a string of horrific and gruesome murders. The community learns the hard way that words written on paper can cause blood to freely flow. Paper can cut a community. The sheriff and his investigators work tirelessly trying to unravel the mystery. Is there corruption within the defense industrial base? Are drug dealers infiltrating their community? Why are terrorists coming to their sleepy, safe community? The cops are in constant danger as they try and learn why those documents are causing so much death. No one is safe. There is a motive behind the murders. The cops are not superheroes and must learn the true motive. It's a motive that is more common and much more sinister than most Americans realize.
