Waves, Sound, and Light

describe the waves? In this lab you'll make a model of one type of wave. By describing the model, you'll learn about some properties of all waves. 1. Make a model of a wave by forming a piece of thick string about 50-cm long into a series of S shapes with an up and down pattern. 2. Compare the wave you made with those of other students ...

PB 1 What is science? - University of California, Berkeley

What is science? The word "science" probably brings to mind many different pictures: a fat textbook, white lab coats and microscopes, an astronomer peering through a telescope, a naturalist in the rainforest, Einstein's equations scribbled on a chalkboard, the launch of the space shuttle, bubbling beakers
