The SAGE Handbook of Organizational Discourse David Grant 2004-07-18 The SAGE Handbook of Organizational Discourse has received the 2004 Outstanding Book Award from the Organizational Communication Division of the National Communication Association

Organizational discourse is not a new topic but is one that has grown in significance and citations in recent years. Thanks to the new The SAGE Handbook of Organizational Discourse there is now a definitive set of up-to-the-minute resources available, by distinguished as well as emergent researchers. It should have a prominent place on all organization researchers bookshelves? -

Professor Stewart Clegg, University of Technology, Sydney Organizational researchers interested in discursive philosophies, methods and practices will be grateful for the much-needed background and guidance this handbook provides? - Mary Jo Hatch, Professor, McIntire School of Commerce, University of Virginia. Co-author The Three Faces of Leadership: Manager, Artist, Priest

(Blackwell) Discourse analysis has become increasingly popular in organizational studies over the past decade or two. The SAGE Handbook of Organizational Discourse will make it even more popular by helping scholars of organizations understand the range of domains, methodologies, perspectives and focal organizational phenomena available to them within this analytic approach.

Beyond classifying and describing current literature in the various areas, the chapters in this important new handbook suggest new directions for research using discourse analysis, a valuable service that should help novice and experienced researchers alike? - JoAnne Yates, Sloan School of Management An increasingly significant body of management literature is applying discursive forms of analysis to a range of organizational issues. This emerging arena of research is not only important in providing new insights into processes of organizing, it has also informed and influenced the broader fields of organizational and management studies. The SAGE Handbook of Organizational Discourse is the definitive text for those with research and teaching interests in the field of organizational discourse. It provides an important overview of the domains of study, methodologies and perspectives used in research on organizational discourse. It shows how discourse analysis has moved beyond its roots in literary theory to become an important approach in the study of organizations. The editors of the Handbook, all renowned authors and experts in this field, have provided an invaluable resource on the application, importance and relevance of discourse to organizational issues for use by tutors and researchers working in the field, as well as providing important reference material for newcomers to this area. Each chapter, written by a

leading author on their subject, covers an overview of the existing literature and also frames the future of the field in ways which challenge existing preconceptions. The SAGE Handbook of Organizational Discourse is indispensable to the teaching, study and research of organizational discourse and will enable readers to develop a level of understanding of organizations commensurate with the most recent, state of the art, theoretical developments in the broader field of organization studies.

Irony Douglas Colin Muecke 1970 Nature of irony -- Sarcasm -- Impersonal irony -- Self-disparaging irony -- Ingenu irony -- Irony of self-betrayal -- Irony of simple incongruity -- Dramatic irony -- General irony -- Romantic irony.

Troubadours and Irony Simon Gaunt 2008-01-28 From Petrarch and Dante to Pound and Eliot, the influence of the troubadours on European poetry has been profound. They have rightly stimulated a vast amount of critical writing, but the majority of modern critics see the troubadour tradition as a corpus of earnestly serious and confessional love poetry, with little or no humour. Troubadours and Irony re-examines the work of five early troubadours, namely Marcabru, Bernart Marti, Peire d'Alvernha, Raimbaut d'Aurenga and Giraut de Borneil, to argue that the courtly poetry of southern France in the twelfth century was permeated with irony and that many troubadour songs were playful, laced with humorous sexual innuendo and far from serious; attention is also drawn to the large corpus of texts that are not love poems, but comic or satirical songs.

SQA National 5 English: Language Skills Nicola Daniel 2020-07-20 Exam Board: SQA Level: National 5 Subject: English First teaching: September 2017 First exam: Summer 2018

Successfully develop the key language skills that students must demonstrate across the National 5 English assessments. Covering reading, writing, talking and listening - vital skills for learning, life and work - this course companion helps students to fulfil their potential at N5 and beyond. -

Introduces the language skills required for National 5 English, offering advice for studying and revising these skills throughout the school year - Focuses on strategies for approaching the RUAEE and Scottish Texts sections of the exam, providing explanations of command words and different question types, worked examples and practice questions - Takes students step by step through the process of analysing an extract/passage, looking at word choice, imagery, structure and many other linguistic techniques - Improves every student's language skills, with dozens of ready-made and accessible activities, including independent work, group discussion points and extension tasks - with answers provided online at hoddergibson.co.uk/answers-N5-English-Language

The Routledge Handbook of Religion and Secrecy Hugh B. Urban 2022-03-30 Secrecy is a central and integral component of all religious traditions. Not limited simply to religious groups that engage in clandestine activities such as hidden rites of initiation or terrorism, secrecy is inherent in the very fabric of religion itself. Its importance has perhaps never been more acutely relevant than in our own historical moment. In the wake of 9/11 and other acts of religious violence, we see the rise of invasive national security states that target religious minorities and pose profound challenges to the ideals of privacy and religious freedom, accompanied by the resistance by many communities to such efforts. As such, questions of secrecy, privacy, surveillance, and security are among the most central and contested issues of twenty-first century religious life. The Routledge Handbook of Religion and Secrecy is the definitive reference source for the key topics, problems, and debates in this crucial field and is the first collection of its kind. Comprising twenty-nine chapters by a team of international contributors, the Handbook is divided into five parts: Configurations of Religious Secrecy: Conceptual and Comparative Frameworks Secrecy as Religious Practice Secrecy and the Politics of the Present Secrecy and Social Resistance Secrecy, Terrorism, and Surveillance. This cutting-edge volume discusses secrecy in relation to major categories of religious experience and individual religious practices while also examining the transformations of secrecy in the modern period, including the rise of fraternal orders, the ongoing wars on terror, the rise of far-right white supremacist groups, increasing concerns over religious freedom and privacy, the role of the internet in the spread and surveillance of such groups, and the resistance to surveillance by many indigenous and diasporic communities. The Routledge Handbook of Religion and Secrecy is

essential reading for students and researchers in religious studies, comparative religion, new religious movements, and religion and politics. It will be equally central to debates in the related disciplines of sociology, anthropology, political science, security studies and cultural studies.

Irony, Deception and Humour Marta Dynel 2018-03-19 This book offers fresh perspectives on untruthfulness entailed in various forms of irony, deception and humour, which have so far constituted independent foci of linguistic and philosophical investigation. These three distinct (albeit sometimes co-occurring) notions are brought together within a neo-Gricean framework and consistently discussed as representing overt or covert untruthfulness. The postulates that represent the interface between language philosophy and pragmatics are illustrated with scripted interactions culled from the series *House*, which help appreciate the complexities of the three concepts at hand. Apart from affording new insights into the nature of irony, deception and humour, this book critically examines previous literature on these notions, as well as relevant aspects of Grice's philosophy of language. Giving a state-of-the-art picture of untruthfulness, this publication will be of interest to both experienced and inexperienced researchers studying Grice's philosophy, irony, deception and/or humour.

Parallel Curriculum Units for Language Arts, Grades 6-12 Jeanne H. Purcell 2009-08-25 Sample units demonstrate how to use the Parallel Curriculum Model to design high-quality curriculum in language arts. Each unit includes instructions, assessments, and skills/standards.

Writing Humor Mary Ann Rishel 2002 The professor of writing analyzes short fiction, sketches, essays, and scripts to discover the secrets of humorous writing and then offers aspiring writers practical advice on how to write humor, comedy, satire, parody, and nonsense. Simultaneous. (Literature)

Common Core: Elements of Literature, Grades 6 - 8 Linda Armstrong 2014-01-15 Centered around Common Core State Standards, Common Core: Elements of Literature is designed to help students understand such complex elements of literature as irony and symbolism. Practice pages, student charts, graphic organizers, research challenges, discussion starters, writing prompts, games, group activities, and recommended reading lists enable students to practice: Pinpointing character, setting, plot, and theme; uncovering common symbols in fiction; detecting similes, metaphors, and other figures of speech; spotting verbal, situational, and dramatic irony; and recognizing allegory, parody, and satire. --Mark Twain Media Publishing Company specializes in providing captivating, supplemental books and decorative resources to complement middle- and upper-grade classrooms. Designed by leading educators, the product line covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character. Mark Twain Media also provides innovative classroom solutions for bulletin boards and interactive whiteboards. Since 1977, Mark Twain Media has remained a reliable source for a wide variety of engaging classroom resources.

De hospita Roald Dahl 2013-09-12 De hospita is afkomstig uit de bundel *Op weg naar de hemel*, die nog tien andere spannende korte verhalen over de duistere facetten van het menselijke karakter bevat. Een jongeman op zoek naar een slaapplaats ontmoet een bijzonder toeschietelijke hospita. Roald Dahl, de alom geprezen schrijver van *Sjatie* en de chocoladefabriek, *De GVR*, *Matilda* en vele andere klassiekers voor kinderen, schreef ook bundels met korte verhalen voor volwassenen. Veel van deze betoverend angstaanjagende verhalen zijn verfilmd, en laten tot op de dag van vandaag iedere lezer huiveren. Dahl kan met recht de grootmeester van het korte

verhaal worden genoemd.

Isn't it Ironic? Jennifer Rebecca Dyer 2002

Ways of Reading Martin Montgomery 2007-01-24 First Published in 2006. Routledge is an imprint of Taylor & Francis, an informa company.

Romeo en Julia William Shakespeare 2001

Ironies Leaders Navigate, Second Edition Schuyler Totman 2018-04-26 [EPI] “. . . just as one cannot not communicate, you do not have the option of not using power.” [/EPI] For every definition of leadership, you can find a definition of power that makes the same statement. Hence, every act of leadership is an act of power, and the better we understand power, the better we understand leadership. And we misunderstand power, scholars lament, in part by understanding power. We equate it merely with coercion and competition, but miss how power dynamics define leadership, education, coaching, teamwork, parenting, etc. Here is a brief, contextual, synergistic, occasionally ironic study of power, which provides numerous lenses through which to examine leadership settings, including how they differ. This study (in specific, framed pages) ultimately focuses on a unique leadership setting—the local church. It ponders distinct challenges faced by church leaders, and by The Church's Leader, Jesus Christ.

Modeling Irony Inés Lozano-Palacio 2022-02-15 This book adopts a broad cognitive-pragmatic perspective on irony which sees ironic meaning as the result of complex inferential activity arising from conflicting conceptual scenarios. This view of irony is the basis for an analytically productive integrative account capable of bridging gaps among disciplines and of recontextualizing and solving some controversies. Among the topics covered in its pages, readers will find an overview of previous linguistic and non-linguistic approaches. They will also find definitional and taxonomic criteria, an exhaustive exploration of the elements of the ironic act, and a study of their complex forms of interaction. The book also explores the relationship between irony, banter and sarcasm, and it studies how irony interacts with other figurative uses of language. Finally, the book spells out the conditions for “felicitous” irony and re-interprets traditional ironic types (e.g., Socratic, rhetoric, satiric, etc.), in the light of the unified approach it proposes.

Irony and Sarcasm Roger Kreuz 2020-02-18 A biography of two troublesome words. Isn't it ironic? Or is it? Never mind, I'm just being sarcastic (or am I?). Irony and sarcasm are two of the most misused, misapplied, and misunderstood words in our conversational lexicon. In this volume in the MIT Press Essential Knowledge series, psycholinguist Roger Kreuz offers an enlightening and concise overview of the life and times of these two terms, mapping their evolution from Greek philosophy and Roman rhetoric to modern literary criticism to emojis. Kreuz describes eight different ways that irony has been used through the centuries, proceeding from Socratic to dramatic to cosmic irony. He explains that verbal irony—irony as it is traditionally understood—refers to statements that mean something different (frequently the opposite) of what is literally intended, and defines sarcasm as a type of verbal irony. Kreuz outlines the prerequisites for irony and sarcasm (one of which is a shared frame of reference); clarifies what irony is not (coincidence, paradox, satire) and what it can be (among other things, a socially acceptable way to express hostility); recounts ways that people can signal their ironic intentions; and considers the difficulties of online irony. Finally, he wonders if, because irony refers to so many different phenomena, people may gradually stop using the word, with sarcasm taking over its verbal duties.

A Commentary on Shakespeare's Richard III Wolfgang Clemen 2005 Providing a detailed and rigorous analysis of Richard III, this Commentary reveals every nuance of meaning whilst maintaining a firm grasp on the structure of the play.

Archaic Modernism Daniel Humphrey 2020-11-10 In Archaic Modernism, Daniel Humphrey offers the first book-length, English-language examination of three adaptations of Greek tragedy produced by the gay and Marxist Italian filmmaker Pier Paolo Pasolini: *Oedipus Rex* (1967), *Medea* (1969), and *Notes Towards an African Orestes* (1970/1973). Considering Pasolini's own theories of a "Cinema of Poetry" alongside Jacques Derrida's concept of *écriture*, as well as more recent scholarship by queer theory scholars advocating for an antirelational and antisocial

subjectivity, Humphrey maintains that Pasolini's Greek tragedy films exemplify a paradoxical sense of "archaic modernism" that is at the very heart of the filmmaker's project. More daringly, he contends that they ultimately reveal the queer roots of Western civilization's formative texts. Archaic Modernism is comprised of three chapters. Chapter 1 focuses on Oedipus Rex, assessing both the filmic language employed and the deeply queer mythological source material that haunts the tragedy even as it remains largely at a subtextual yet palpable level. Chapter 2 extends and deepens the concept of queer fate and queer negativity in a scene-by-scene analysis of Medea. Chapter 3 looks at the most obscure of Pasolini's feature length films, Notes Towards an African Orestes, a film long misunderstood as an unwitting failure, but which could perhaps best be understood as a deliberate, sacrificial act on the filmmaker's part. Considering the film as the third in an informal, maybe unconscious, trilogy, Humphrey concludes his monograph by arguing that this "trilogy of myth" can best be understood as a deconstruction, gradually more and more severe, of three of the most important origin tales of Western civilization. Archaic Modernism makes the case that these three films are as essential as those Pasolini films more often studied in the Anglophone world: Mamma Roma, The Gospel According to Matthew, Teorema, The Trilogy of Life, and Salò, and that they are of continuing, perhaps even increasing, value today. This book is of specific interest to scholars, students, and researchers of film and queer studies.

Literary Irony and the Literary Audience, Studies in the Victimization of the Reader in Augustan Fiction John B. McKee 1974

Figurative Language – Intersubjectivity and Usage Augusto Soares da Silva 2021-05-15

Intersubjectivity and usage play central roles in figurative language and are pivotal notions for a cognitively realistic research on figures of thought, speech, and communication. This volume brings together thirteen studies that explore the relationship between figurativity, intersubjectivity and usage from the Cognitive Linguistics perspective. The studies explore the impact of figurativity on areas of lexicon and grammar, on real discourse, and across different semiotic systems. Some studies focus on the psychological processes of the comprehension of figurativity; other studies address the ways in which figures of thought and language are socially shared and the variation of figures through time and space. Moreover, some contributions are established on advanced corpus-based techniques and experimental methods. There are studies about metaphor, metonymy, irony and puns; about related processes, such as humor, empathy and ambiguation; and about the interaction between figures. Overall, this volume offers the advantages and the opportunities of an interactional and usage-based perspective of figurativity, embracing both the psychological and the intersubjective reality of figurative thought and language and empirically emphasizing the multidimensional character of figurativity, its central function in thought, and its impact on everyday communication.

Economic Ironies Throughout History Michael Szenberg 2014-12-04 Economics for Alfred

Marshall, the last of the classical economists, is concerned with activities in the ordinary business of life. In that milieu, we find conflicts and chaotic behavior among people, firms, and countries, which make them conduct their affairs in different, and sometimes, ironic ways. Economic Ironies Throughout History explores, explains, predicts, and harnesses these ironies for economists and scholars alike. Szenberg and Ramrattan distill their core economic ironies from a vast history of philosophy and literature that applies to economic thought. They include philosophical, psychological, literary and linguistic discussions and the personalities behind those ideas such as Socrates, Kierkegaard, Hume, Freud, Jung, Saussure, and Barthes. This book is ideal for economists as well as scholars across the business, social science, and humanities fields.

Irony in Language Use and Communication Angeliki Athanasiadou 2017-12-15 The volume

provides original research and analyses of the multi-faceted conceptual and verbal process(es) of irony. Key topics explored include interdisciplinary perspectives and approaches to the study of irony. Collectively, the papers examine irony from psychology, embodiment studies, philosophy, cognitive linguistics, the connection and impact of irony on culture and (media) communication, different approaches to verbal irony and others—ultimately attempting to model the mechanisms

underlying ironic forms and the psycholinguistic motivations for their investigation. The comprehensive treatment of these issues is fundamental for future research on irony and related phenomena, particularly on questions of its usage, the diversity and/or unity of irony and ultimately the interrelationships between figurative thought and language.

The Everything Parent's Guide to Common Core ELA, Grades 6-8 Jill Mountain 2015-11-06 Take the mystery out of Common Core ELA! If you are a parent struggling to understand the new Common Core English Language Arts standards for your child, you're not alone. Even though the Common Core ELA has been adopted by 45 states across the nation, if you're accustomed to traditional English courses, you may be having a hard time understanding what your kids are bringing home from school--and why. The Everything Parent's Guide to Common Core ELA, Grades 6–8 can help. With easy-to-understand examples, comprehension tips, and practice exercises, this comprehensive guide will explain: What your child will be learning in 6th, 7th, and 8th grade The types of books and passages your child will be reading The new requirements and the rationale for reading nonfiction texts The focus on finding evidence and formulating arguments The reasoning behind the Common Core English Language Arts standards This valuable reference book will give you the confidence to help your kids meet the ELA expectations for their grade level, excel at school, and prepare for high school and beyond.

Het Gele Behang Charlotte Perkins Gilman 2016-04-24 'Het gele behang' (1892) van Charlotte Perkins Gilman is het beklemmende verhaal van een geesteszieke vrouw. Het is een klassiek verhaal binnen de feministische en gothic literatuur, waarin horror en romantiek gecombineerd worden. In 'Het gele behang' stelt Gilman het gebrek aan zeggenschap van vrouwen over hun eigen leven en de weerslag hiervan op hun geestelijk en fysiek welbevinden, in de 19e eeuwse Amerikaanse maatschappij, aan de kaak. Het verhaal vertoont veel raakvlak met Charlotte Perkins Gilman's eigen leven. Na de geboorte van haar dochter onderging ze een postnatale depressie. Ze werd behandeld door, de in het verhaal genoemde arts, Weir Mitchell. Hij schreef haar een rustkuur voor: "een zo huiselijk mogelijk leven, zonder potlood, pen en penseel."

Divine Madness Lars Ellestrom 2002 This book provides a theory that enables the concept of irony to be transferred from the literary to the visual and aural domains. Topics include the historical roots of the concept of irony as modes of oral and literary expression, and how irony relates to spatiality.

Literature and Understanding Jon Phelan 2020-10-09 Literature and Understanding investigates the cognitive gain from literature by focussing on a reader's close analysis of a literary text. It examines the meaning of 'literature', outlines the most prominent positions in the literary cognitivism debate, explores the practice of close reading from a philosophical perspective, provides a fresh account of what we mean by 'understanding' and in so doing opens up a new area of research in the philosophy of literature. This book provides a different reply to the challenge that we can't learn anything worthwhile from reading literary fiction. It makes the innovative case that reading literary fiction as literature rather than as fiction stimulates five relevant senses of understanding. The book uses examples of irony, metaphor, play with perspective and ambiguity to illustrate this contention. Before arguing that these five senses of understanding bridge the gap between our understanding of a literary text and our understanding of the world beyond that text. The book will be of great interest for researchers, scholars and post-graduate students in the fields of aesthetics, literary theory, literature in education and pedagogy.

De jongens van Nickel Colson Whitehead 2019-05-28 'De jongens van Nickel' van Colson Whitehead is de hartverscheurende opvolger van de bekroonde internationale bestseller 'De ondergrondse spoorweg'. In deze nieuwe roman ontleedt hij een nog recenter duister hoofdstuk uit de Amerikaanse geschiedenis – het tijdperk van de Jim Crow-rassenwetten in het Zuiden van Amerika – aan de hand van het verhaal van twee tieners op een helse tuchtschool in Florida. Het zijn de beginjaren van de burgerrechtenbeweging, en de zestienjarige Elwood Curtis gaat zijn toekomst vol vertrouwen tegemoet. Totdat hij vanwege een vergissing op de Nickel Academy belandt. Met name de zwarte jongens worden aan het sadisme van hun witte bewakers

uitgeleverd. Misbruik, marteling en corruptie zijn aan de orde van de dag; voor het minste vergriep worden de jongens 'naar achter' gebracht – vanwaar ze nooit meer terugkomen. In deze gruwelkamer is er voor Elwood één houvast: zijn vriend Turner, die geen enkele ambitie koestert, behalve ontsnappen uit Nickel.

The Pragmatics of Humour Across Discourse Domains Marta Dynel 2011 Brings together a range of contributions on the linguistics of humour. This title elucidates the whole gamut of humorous forms and mechanisms, such as surrealist irony, incongruity in register humour, mechanisms of pun formation, as well as interpersonal functions of conversational humour

Figuring out Figuration María Sandra Peña-Cervel 2022-05-15 This book combines explanatory breadth with analytical delicacy. It offers a comprehensive study of a broad array of traditional figures of speech by systematizing linguistic evidence of the cognitive processes underlying them. Such processes are explicitly linked to different communicative consequences, thus bringing together pragmatics and cognition. This type of study has allowed the authors to provide new definitions for all the figures while making their dependency relations fully explicit. For example, hypallage, antonomasia, anthimeria, and merism are studied as variants of metonymy, and analogy, paragon, and allegory as variants of metaphor. An important feature of the book is its special emphasis on the combinations of figures of speech into conceptually more complex configurations. Finally, the book accounts for the principles that regulate the felicity of figurative expressions. The result is a broad integrative framework for the analysis of figurative language grounded in the relationship between pragmatics and cognition.

Advances in Cultural Linguistics Farzad Sharifian 2017-05-02 This groundbreaking collection represents the broad scope of cutting-edge research in Cultural Linguistics, a burgeoning field of interdisciplinary inquiry into the relationships between language and cultural cognition. The materials surveyed in its chapters demonstrate how cultural conceptualisations encoded in language relate to all aspects of human life - from emotion and embodiment to kinship, religion, marriage and politics, even the understanding of life and death. Cultural Linguistics draws on cognitive science, complexity science and distributed cognition, among other disciplines, to strengthen its theoretical and analytical base. The tools it has developed have worked toward insightful investigations into the cultural grounding of language in numerous applied domains, including World Englishes, cross-cultural/intercultural pragmatics, intercultural communication, Teaching English as an International Language (TEIL), and political discourse analysis.

The Cambridge Handbook of the Philosophy of Language Piotr Stalmaszczyk 2021-07-31 The philosophy of language is central to the concerns of those working across semantics, pragmatics and cognition, as well as the philosophy of mind and ideas. Bringing together an international team of leading scholars, this handbook provides a comprehensive guide to contemporary investigations into the relationship between language, philosophy, and linguistics. Chapters are grouped into thematic areas and cover a wide range of topics, from key philosophical notions, such as meaning, truth, reference, names and propositions, to characteristics of the most recent research in the field, including logicity of language, vagueness in natural language, value judgments, slurs, deception, proximization in discourse, argumentation theory and linguistic relativity. It also includes chapters that explore selected linguistic theories and their philosophical implications, providing a much-needed interdisciplinary perspective. Showcasing the cutting-edge in research in the field, this book is essential reading for philosophers interested in language and linguistics, and linguists interested in philosophical analyses.

The Rhetoric of Brexit Humour Simon Weaver 2021-09-30 Since 2016 there has been an outpouring of humour, comedy and satire on the United Kingdom's EU Referendum and decision to leave the EU, or Brexit. This book examines the relationship between Brexit and its comedy, exploring how Brexit and comedy are connected in both Leave and Remain discourse. It argues that both populism and comedy are rhetorical in nature and so are linked through their semantic structure and communicative potential. Considering the incongruities that Brexit presents for British society, the author analyses the populism that has emerged from those incongruities in the

form of ironic, ambiguous and dichotomous discourse. Through the analysis of a range of comedy on the EU Referendum and Brexit, including material from stand-up and situation comedy, and political satire of various types, *The Rhetoric of Brexit Humour* examines the way in which comedy acts as a rhetoric that draws on, supports and attacks the discourses of Brexit. This provides not just an advance in our understanding of political satire but also a clearer description of the nature of populism. This book will appeal to sociologists, political scientists, media and communications scholars, and anyone interested in Brexit, populism and comedy.

Irony Joana Garmendia 2018-02-28 Irony is an intriguing topic, central to the study of meaning in language. This book provides an introduction to the pragmatics of irony. It surveys key work carried out on irony in a range of disciplines such as semantics, pragmatics, philosophy and literary studies, and from a variety of theoretical perspectives including Grice's approach, Sperber and Wilson's echoic account, and Clark and Gerrig's pretense theory. It looks at a number of uses of irony and explores how irony can be misunderstood cross-culturally, before delving into the key debates on the pragmatics of irony: is irony always negative? Why do speakers communicate via irony, and which strategies do they usually employ? How are irony and sarcasm different? Is irony always funny? To answer these questions, basic pragmatic notions are introduced and explained. It includes multiple examples and activities to enable the reader to apply the theoretical frameworks to actual everyday instances of irony.

Fearless Consulting Erik de Haan 2006-06-14 The history of consulting dates back to the original 'intervention' of the serpent in the Garden of Eden, and today's consultants have just as dubious a reputation. They are tempted by flattery and over-assessment of their abilities, and run the risks of uncertainty, responsibility without authority and loss of control. In order to steer a middle course, they must understand their own intention as consultants. *Fearless Consulting* clearly demonstrates that, in spite of the many risks and temptations, consultants can approach their profession and clients fearlessly, and offers a range of philosophical inspirations for readers as well as specific intervention models and practical methodologies.

Irony in Language and Thought Raymond W. Gibbs 2007 *Irony in Language and Thought* assembles an interdisciplinary collection of seminal empirical and theoretical papers on irony in language and thought into one comprehensive book. A much-needed resource in the area of figurative language, this volume centers on a theme from cognitive science - that irony is a fundamental way of thinking about the human experience. The editors lend perspective in the form of opening and closing chapters, which enable readers to see how such works have furthered the field, as well as to inspire present and future scholars. Featured articles focus on the following topics: theories of irony, addressing primarily comprehension of its verbal form context in irony comprehension social functions of irony the development of irony understanding situational irony. Scholars and students in psychology, linguistics, philosophy, literature, anthropology, artificial intelligence, art, and communications will consider this book an excellent resource. It serves as an ideal supplement in courses that present major ideas in language and thought.

Computational Intelligence in Data Science Aravindan Chandrabose 2020-11-20 This book constitutes the refereed post-conference proceedings of the Third IFIP TC 12 International Conference on Computational Intelligence in Data Science, ICCIDS 2020, held in Chennai, India, in February 2020. The 19 revised full papers and 8 revised short papers presented were carefully reviewed and selected from 94 submissions. The papers are organized in the following topical sections: computational intelligence for text analysis; computational intelligence for image and video analysis; and data science.

The Compass of Irony D. C. Muecke 2021-06-24 First published in 1969, *The Compass of Irony* is a detailed study of the nature, qualities, classifications, and significance of irony. Divided into two parts, the book offers first a general account of the formal qualities of irony and a classification of the more familiar kinds. It then explores newer forms of irony, its functions, topics, and cultural significance. A wide variety of examples are drawn from a range of different authors, such as Musil, Diderot, Schlegel, and Thomas Mann. The final chapter considers the detachment and

seeming superiority of the ironist and discusses what this means for the morality of irony. The Compass of Irony will appeal to anyone with an interest in the history of irony as both a literary and a cultural phenomenon.

Lam ter slachtbank Roald Dahl 2013-09-12 Lam ter slachtbank is afkomstig uit de bundel M n liefje, m n duifje, die nog zeventien andere spannende korte verhalen over de duistere kant van het menselijke karakter bevat. Een vrouw serveert een opmerkelijk gerecht aan een stel nietsvermoedende agenten. Roald Dahl, de alom geprezen schrijver van Sjakie en de chocoladefabriek, De GVR, Matilda en vele andere klassiekers voor kinderen, schreef ook bundels met korte verhalen voor volwassenen. Veel van deze betoverend angstaanjagende verhalen zijn verfilmd, en laten tot op de dag van vandaag iedere lezer huiveren. Dahl kan met recht de grootmeester van het korte verhaal worden genoemd.
